

Dear Sirs,

We refer to the above matter. Following an opening JPC meeting in Dungarvan on the 24th of June 2017 we submitted a letter to the Department of Justice in respect of funding for groups nationwide and the lack thereof. We also enclose the replies received from the Minister in respect of same. The support in relation to Community Alert Groups around the country is totally inadequate in respect of the work that is done and the cost thereof and we have asked the Minister to meet with us to discuss same. He has conveniently refused to meet with us.

We are making a submission to you in respect of the lack of funding and support that is available to the Community Alert Groups, We attach a letter of support from [REDACTED] [REDACTED] who met with one of your representatives in Waterford on the 25th inst.

We look forward to hearing from you in due course.

Yours sincerely

[REDACTED]
