Comments:	<p>I believe that the following changes should be implimented.</p> <p>no disipline should not be handled by next line supervisors</p> <p>rank of sergeant and inspector should be amalgamated. the civil service removed the unnecessary rank of staff officer. inspector serves no purpose.</p> <p>full garda training should be provided for garda who are replaced by civilian</p> <p>a review should be completed on first line supervisors a regards their time spent in the office as result of accountability measures and paperwork.</p> <p>we don't see the local sergeant out on the beat anymore. he is tied up in paper in the office.</p> <p>policing has been overtaken by beaurocacy.</p> <p>state solicitors should present all court cases not gardai.</p> <p>court should create all court outcomes and be solely responsible for conviction recording. garda has to record circuit court convictions and higher courts.</p>
