Comments:	<p>To whom it concerns,</p> <p>Just a short note, in general, on some observations in my area of residence since moving here a short time ago.</p> <p>After entering the "Tidy districts" and the "Pride of place" competitions last year and spending so much time and effort on cleaning up the place, we win a litter award for our effort (which was wonderful) and so I thought we would encourage young residents to get into good habits. Alas that was not to be.</p> <p>I went on a scout run through out estate and discovered even more destruction than before the competition ie: 1: abandoned shopping trollies scattered all around, 2: alot of litter extremely visible at every turn, 3: abandoned cars and vans left for years and months with expired tax disc's, 4: animals disrespected and being abused by isolating dogs in an extremely small area not being exercised and cats either being starved or continuously being chased, 5: Burned and abandoned bins and bed mattresses left in open spaces and walk ways, 6: Sign posts pulled off their posts.</p> <p>I am happy to help in my community usually in any way I can but am seeing this area as a lost cause and the so-called "Guardai" completely redundant in their presence.</p> <p>I would like them too get out of their vehicles and walk around so they can actually see the disgusting badness and have alot more respect for what some people have to witness from day to day.</p> <p>When I call them on the phone to the station I am constantly met with really stupid comments like "ah well, this has been going on for 35 years, it's not going to change now" a remark from ██████████ ██████████.</p> <p>It's completely unacceptable the lack of standards and incompetence. Another incident with the same Sergeant was assuming a customer in the wrong and defaming that person without getting all the facts.</p> <p>I know this is only a fraction of the complete stupidity that the Guardai display on a regular basis and it demonstrates that there is NO supervision.</p> <p>I wish luck 🍀.</p>
